

What the heck's a Googolplex?*

Ever wonder which is worth more—a 1978 Boba Fett action figure or a 1989 Hot Wheels Lamborghini? Could the U.S. run out of money? Who's taking money out of your pay-check?

You'll find the answers to these and a googol other questions by reading *Googolplex: The CU Guide for Student Money Makers*. It's ready for you now on our Web site.

Googolplex contains stories, games, and puzzles for elementary, middle, and high school students. It's all about money: getting it, saving it, spending it, borrowing it.

* It's the largest named number. (A googol is 10 to the 100th power; a googolplex is 10 to the googol power.) *Googolplex* is also the name of our online youth magazine. Check it out today!
